It is said that world peace and harmony between nations can only be brought about by a universal understanding among mankind.

Our library gives us a place to inquire about this problem and basis for its solution.

As a nucleus of learning, the Lyle Kaye Library at West Seattle High School is an oasis for all who thirst for knowledge.

As a service center it reflects the spirit of cooperation and efficiency, of materials made available through the combined efforts of student and professional staffs.

As a reading center it helps the students to "see beyond the rim of their own world" and to discover the spirit of their democratic heritage.

As a learning center it fosters a respect for good workmanship along with the thrill of acquiring library skills and "ultimate wisdom."

In forewording our spirit of co-operation, we salute Miss Edeltraud Meinshcad, Austrian exchange teacher.

"In West Seattle I have found co-operative students who are keenly interested in what I could tell them about Europe and who were eager to learn the German language.

"The friendliness that I have experienced in this school will be among my most pleasant memories of the United States. May my stay here help to promote the spirit of understanding between our nations."

What is the West Seattle spirit to which this 1957 Kimtah is dedicated? Is it pep at games, enthusiasm for school activities, loyalty to the school, and pride in its traditions? I dare say that we might all agree that these are some of the outcomes of our school spirit, but not school spirit itself. When we are searching for the real spirit of a school, aren't we trying to find its essence, its inner meaning?

To me, the essence of West Seattle is our respect for knowledge, our respect for people, and our eagerness to work together for the common good. That we love knowledge is proven again and again by the tremendous use we make of our library and by the increasing status of scholarship and the Honor Society. That we respect people is demonstrated by our friendship for all students regardless of race, religion or class. That we strive for the common good is demonstrated by the way students and teachers work together thru Cooperative Student Government to solve our common problems. Isn't this the essence and isn't this the spirit of West Seattle High School?

Cecil J. Bullock

Mr. Bullock and the Principal's Cabinet
George Smith, Kermin Franks, Cecil Bullock, Gordon Hannaford and
Miss Ruth Phillips.

The spirit of West Seattle is not a thing you can put your finger on. You can't point and say: "There it is!" But that it does exist is a fact beyond question. We see it at athletic contests, where we always have many people from the community supporting our teams. We see it in the summer at the Hi-Yu. We see it in the many active service clubs — oh, it exists all right.

And a very good thing it is, too. One of the problems of living in a large city is that one may become foot-loose, lost, rootless, just another member of the lonely crowd. We do not thrive under such conditions, as we have a need to belong; we want to be important parts of the society in which we live.

We are grateful that in West Seattle we have a community feeling. We have a place where we belong. We have a home.

Talent Assembly

Who done it?

Active Council?

To illustrate the value of good student-faculty relations and to train the citizens of tomorrow to develop a sense of civic responsibility is the purpose of the Cooperative School Government at West Seattle.

Plans for each year's activities are started the preceding summer as the C.S.G. officers and commissioners prepare for the months ahead.

Bringing with it the sense of a fresh start, the fall semester begins with an introduction assembly and the development of new student organizations.

Next we enjoyed winning the annual 'Paddle Battle' Seasons' Pass Contest with Ballard High School.

Football halftimes, registration, the maintenance problems, publicizing school activities and helping student organizations and planning West Seattle Day, are only a few of the limitless duties which keep the C.S.G. occupied during the year.

Girls' Club! Seldom are there two words which include so many ideals. For most girls it is regarded as companionship, activities, and enjoyment.

The ultimate results of these include development of personality; ability to subordinate selfish interests to the interests of the group; loyalty to classmates; the school, and to one's own ideals and purposes; interest in the welfare of all; best use of one's own abilities; and ability to sacrifice immediate pleasure to future good.

Many successful functions such as Mom-Daughter Banquet, Dads' Night, Christmas Drive, Tolo, Girls' Club Week and numerous others have been sponsored successfully by girls actively participating in the phase which appealed to them most.

As we go our separate ways through life, we feel we have given something of ourselves to each other. Neither time nor distance will take away the influence left by the warm traits of personality and comradeship, nor lessen the pleasant memories of joys and happiness we have shared together.

To all who have made this year a successful one Girls' Club expresses its thanks. To Mrs. Olsen, the mother of our tribe, we extend our deepest appreciation for her part in making our club a success. Duty inspires one to do a job well, but love inspires one to do it beautifully. It is her love which has and will continue to carry Girls' Club through the years."

Boys' Club comes out of the inactive category.

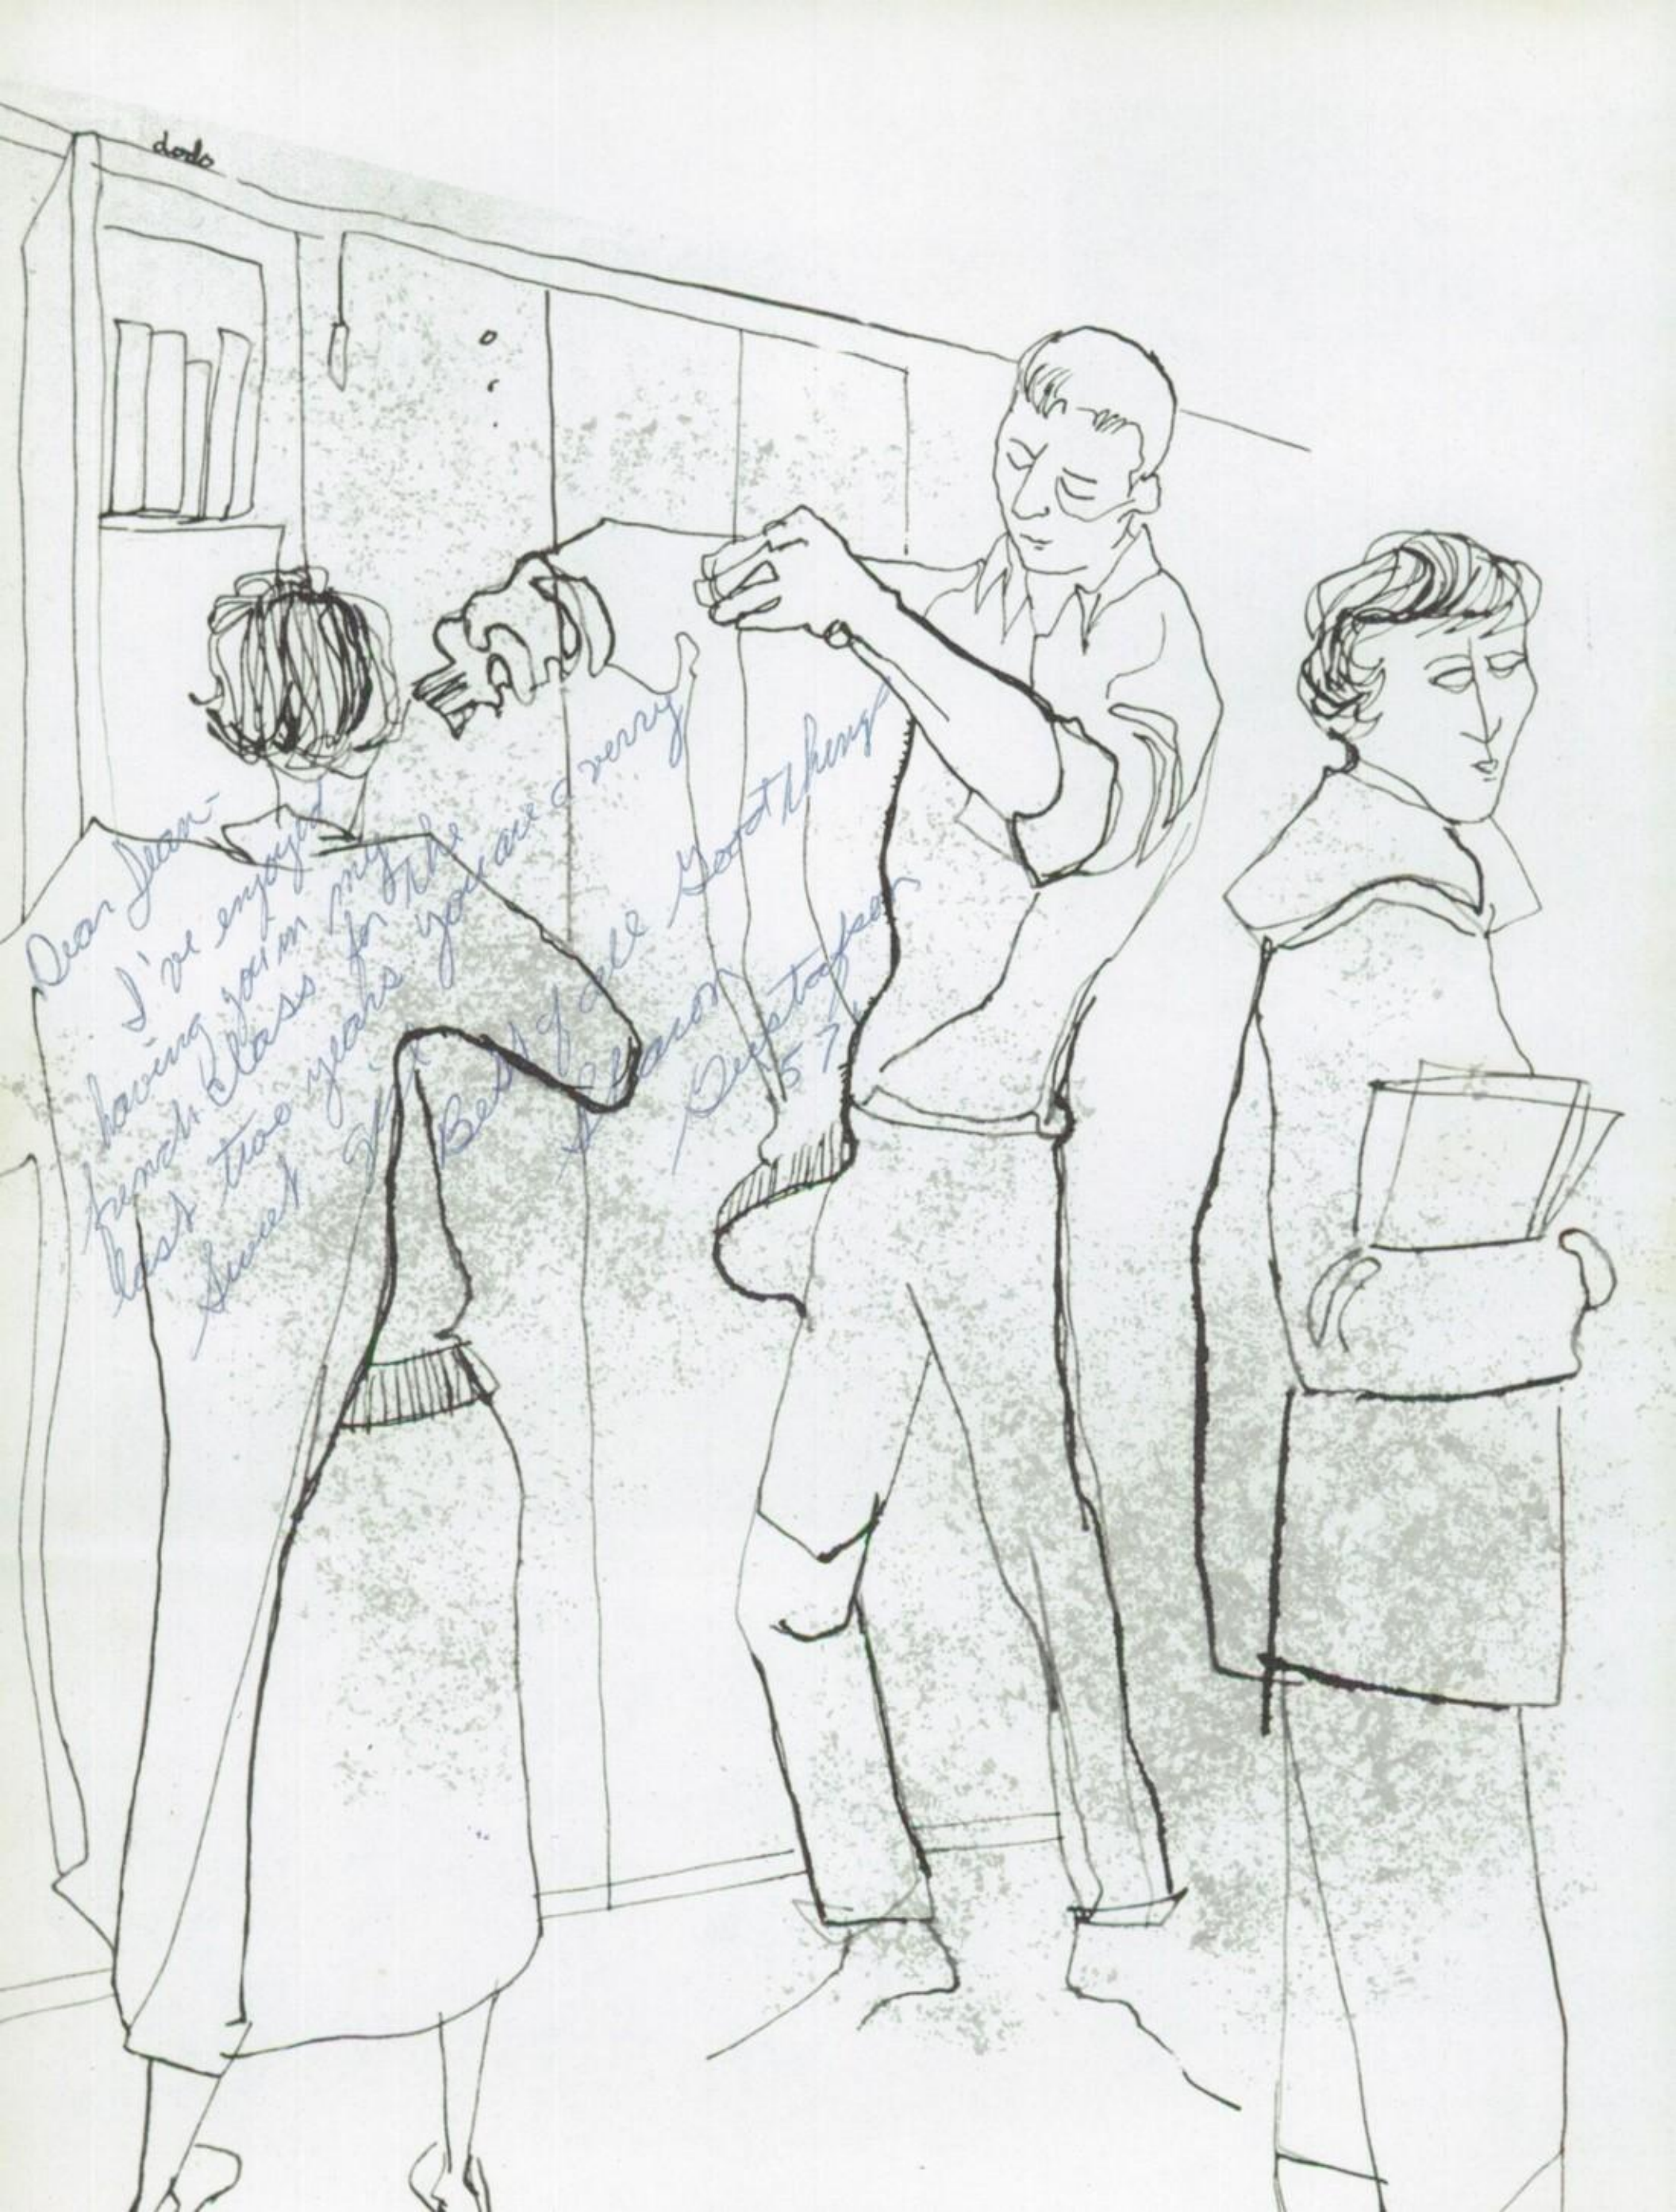

The challenge of white shirts versus the Girls' Club middie campaigns gave all boys in the school a chance to become active in their club's activities. The annual Harvest Moon Ball, the toy drive, the lettermen's evening assembly, the bulletin board and many other events constituted the year's calendar.

Home Economics

CAREFUL PLANS make future fashions.

Home Economics provide education for home and family living, including child care and development, foods, clothing, housing, budget, personal growth, and family relations. Basic courses are taught by laboratory methods. This procedure develops skills and judgments necessary for everyday living and provides for more self-expression now and in later life.

IT'S NOT the results, it's the procedure!

PAINTING STUDENTS WORK from a still life model.

Art

Art Education encourages creative growth by emphasizing exploration of many materials. Instead of a formal classroom situation, the art department is arranged as an art workshop where all fields of art can be explored. Painting, Basic Art, Sculpturing, Ceramics, Jewelry, Weaving and minor crafts are offered.

VISITORS INVESTIGATE activities of the art workshop.

2nd Team

Out of the 48 boys who tried out for the third team, 25 received suits, but they were a determined 25. The squad ended the season as school champions with a fourth place league standing. The Papooses started the year like city champions as they went for a touchdown on the first play of the first game. They won the game 7-6. The team met the tough Garfield squad with enthusiasm, but were licked 28-7. Proving they could come back, the boys beat a determined Roosevelt team, 7-6, in a heavy down-pour. They finished the season with three wins and an equal number of losses. "Coke" Roberts, coach of the Papooses, stated that the boys were gentlemen and never 'cried' when they got a bad decision, but simply made up their minds to win. Some of the boys showed great promise for next season's varsity squad.

FRONT ROW: G. Carlsen, S. Yurkovich, A. Ekers, B. Nuber, R. Ronning, P. Brandon, L. Fischer.

LEFT COLUMN: B. Kirschner, C. Saxwold, J. Jones, G. Tisdale, L. Nelson (No. 77), J. Winkle.

CENTER COLUMN: R. Smith, B. Oke.

RIGHT COLUMN: J. Montoya, J. Ferris, J. Tolan, B. Hoots, E. King (No. 84), M. O'Neill.

LEFT INSET: Coach "Bud" Pripp.

RIGHT INSET: Assistant Coach Curry Mitchell.

"Bud" Pripp, coach of West Seattle's second team, described them as the team that got the bumps as they had to scrimmage against the varsity squad in practice games. The boys did have a league of their own however, and the 1956 season found them in the number four spot in the league standings. The squad won two games, tied one, and lost three. A number of these players will make up the Indian's varsity team next year along with some of the better third team members. Some saw action in the varsity games this season. If hustle is any indication of a good team, West Seattle should give a fine account of itself next year.

2nd Team

This year's second team was the champion of the school by recording an 8 win, 6 loss season. They finished in a tie for second place in the 2nd team city league. Some of the boys on the team played some varsity basketball. Two of the second team letter winners, Jim Thomas and George Nokes, were two quarters short of varsity letters. As far as prospects go for next year's varsity team, there will be two near-letter winners and five returning letter winners. All the games lost were close. The second team letter winners were Thomas, Nokes, George Carlsen, Jim Brewer, Bob Hoiem, and Bob Hurst. All of the juniors who won varsity letters occasionally saw 2nd team action. The second team coaches, Mr. Pripp and Mr. Roberts are enthusiastic about the team. "West Seattle can rightly be proud of the achievement of the second team. The support given the team by the students was very encouraging."

First row: Bledsoe, Mattison, Hannaford, Mattison, Jutte. Second row: Pripp, Bishop, Abbott, Carley, Heytvelt, Sprout, Carlsen, Roberts.

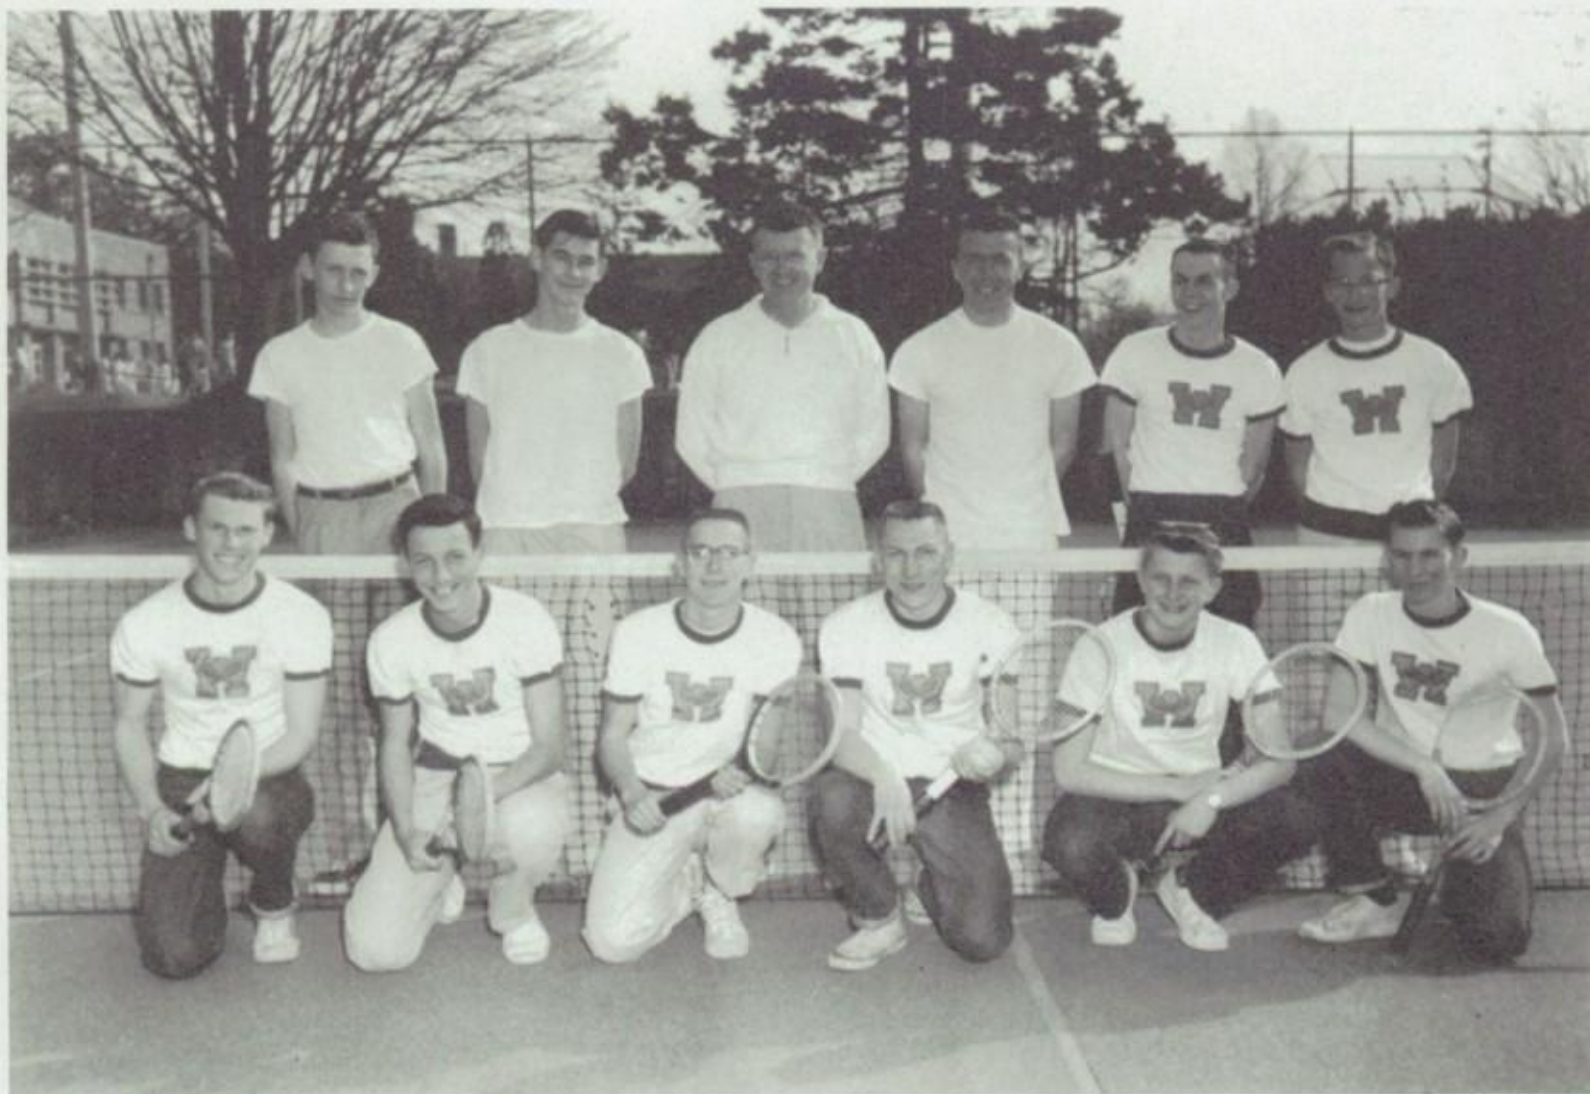

First row: Carter, Hurst, King, Nokes. Second row: Pripp, Thomas, House, Brewer, Hoiem, Carlsen, Roberts.

"The West Seattle third team came in first, if you turn the standings upside down." This was Coach Roberts' comment on the Sophomore squad. Mr. Roberts said that this year's team was the first that he could look down to. The lack of height seemed to be the main problem. The boys had the necessary ability to make them a first division team, but lacked the essential "inches". They finished the season with two wins and twelve losses, tied with Franklin for the league cellar. Another factor which entered into the unsuccessful showing of the team was the loss of key personnel for various reasons. The coach mentioned that the Papooses had lots of drive, hustle, and spirit, but couldn't cope with the taller boys in the league. The third team letter winners were Roger Bledsoe, Mike Abbot, Bernie Carlson, Floyd Carley, Jim Heydvelt, Jerry Bishop, John Jutte, Barry Sprout, Glen Mattison, Gary Mattison, and Dick Hannaford. As Mr. Roberts put it, "There is no place to go but up!"

Due to the Kimtah deadline, only three of the scheduled games could be covered. Although dropping two of these contests, the Indians showed promise for a first division finish.

The two games lost were to Roosevelt and Franklin, two highly regarded teams. The remaining five teams in the league have each won one and lost two.

At this point, the highlight of the season was the one-hit shut-out by Al Stumpf against Queen Anne, as the Braves triumphed 2-0. In the initial contest, the Indians had to make a comeback after an early defeat, and did, but Carson Olafson of the Quakers hit a grand slam home run that provided an 8-6 win for the Franklin team.

Ernie King hit a four bagger for the Indians, but broke his finger and was put out of action for three weeks.

The second game revealed Stumpf's pitching ability as the right-hander allowed but one single. Fielding errors plagued West Seattle in the third game at Roosevelt and the Teddies walloped the West Siders 9-4. Some players have displayed ability that should carry them through a great season.

These include Seniors Carl Hunter, Dale Bedal, Al Stumpf, Mike Schrammeck, Joe Morton, and Mike Johnsrud, Junior Ernie King, and Sophomore Gary Gribble.

"What's up Doc?"

"Somebody's gonna get clobbered!"

"Hurry boy, he's fast approachin'."

"It's good."

"You say YOU'RE confused!"

"What a racket!"

Tiny Martin has nothing on US!

The unique mural project was given wholehearted support by the entire student body. Because of this enthusiasm, enough money was left over to purchase a seal for the front of the building.

Mr. Tetelman and Mr. McBride, of Klee Wyk Studio, constructed and painted the tile.

The research concerning the Indians in the West Seattle area was done by Mr. McBride.

Mr. Tetelman and three members of the mural committee, Bob Saito, Ernestine Forschmiedt and Madeline Blitz, admire a scale model of the tile.

Give them a chance at self-expression and they create beauty.

Teachers work together to prepare class material which will be interesting and beneficial to their students.

'Gotta get in that picture!'

Progress is upon us.

Living and working together in a school as large as West Seattle, we need no reminder to the fact that co-operation is the key to peace and knowledge.

For some of us, high school is now a part of the past. Far horizons look rosy and thoughts of the future spark our enthusiasm.

But school will still remain an important and vital part of our lives.

It is the hope of the Kimtah editors and staff that we have recorded this 1956-57 year in such a way, that its activities can be relived with the turning of each page.

We wish to express our acknowledgments to our staff whose co-operation made this book possible; to Kennell-Ellis for taking our pictures; to L and H Printing Company, and especially Mr. Lightner and Mrs. Marian Alloway for printing our book. We also would like to thank Mrs. McDonnell for her patience and encouragement throughout the year.

Dear Jean,
It has been fun
sitting next to you in
orchestra and I hope that
you have fun in the years to
follow. Hope that I shall meet
up with you again.

Dear Jean
So a real sweet gal, and I
hope I get to know you
better. Have a lot of fun this
summer and be good.
All the Luck, Love and
Happiness you deserve.

Dear Jean, a real
pleasure knowing you since
it has been a real
quick, wasn't it? You look too serious
sometimes, and you're really not.
I hope I see you in the future!

Dear Jean
This is the end -
We've lived through two
years of French. I hope that
the best of everything is gone
to have and hold -
Love, Peggy Welke

Dear Jean,
It's been swell working
with you in Biology II. (Especially
since you're an "A" student) Good
luck in your future years,
Love,

Hi Jean
I will never forget
all the dancing activities (how
could I) they were so much fun.
I want to wish you all the happiness
and luck in the world and who knows
someday I may see you as a secretary
to a big important executive.
Linda Weiss

Dear Jean,
It's been a lot of fun
knowing you all these years...
although school is out, we will
probably see a lot of each other, cause
we live so close.
Best of luck all through the years
Love,
Ginger Maxwell
